RESTORATIVE PRACTICES

Implementation of Restorative Practices (RP) meets the required aspects of the Social-Emotional Learning (SEL) Domain as outlined within the Ohio Department of Education "#Each Child, Our Future" strategic plan.

SEL is critical for both students & adults when working toward building community, resolving conflict, & repairing harm - all of which are essential elements of RP. With relationships & community at the heart of RP, implementation of this approach provides multiple opportunities to develop, practice, & reinforce all five SEL competencies: Self-Awareness & Management, Social Awareness, Relationship Skills, & Responsible Decision-Making.

Come learn with Ang Fetter, MOESC's International Institute for Restorative Practice (IIRP) trained instructor.
